Benjamin Joshua

Frontend Developer

Email: benjijosh2018@gmail.com | GitHub: github.com/ojaybit | Portfolio: https://https://joshuaportfolio-psi.vercel.app/

Professional Summary

Frontend Developer with 3 years of experience building responsive, high-performance web applications. Skilled in creating clean, efficient, and scalable interfaces using modern frontend technologies. Strong eye for design consistency and user experience optimization.

Technical Skills

HTML, CSS, JavaScript, TypeScript, React, Tailwind CSS, Bootstrap, CSS Grid, Responsive Design, Git/GitHub

Education

Axia Africa – Frontend Development Training

Professional Experience

Frontend Developer | 3 years

- Built and maintained dynamic web interfaces using React, TypeScript, and Tailwind CSS. - Translated design mockups into fully responsive, pixel-perfect interfaces. - Implemented reusable components and state management for performance optimization. - Integrated APIs and collaborated with backend teams to deliver end-to-end functionality. - Used Git and GitHub for version control and project collaboration.

Projects

Invoice Generator App – SaaS tool for creating and managing client invoices.

SpotMe – No-code platform prototype enabling drag-and-drop app building.

E-Commerce Website – Fully responsive online store with product listings, cart system, and checkout flow.

Certifications

Frontend Development – Axia Africa
